Who was the original chemist?

The Amherst chemist have been temporarily relocated to Sudbury. We may have access to those files.

Subject: 1994 Lowell Drug Case

Good Morning,

ADA Kwon was inquiring about possibly having drugs tested from a Lowell trafficking case that was originally tested at the DPH lab in Amherst. She said since those chemists/records are no longer available, the only way to go forward on the case would be to have the drugs re-tested. Would this be possible? Please let me know.

Thank you,
